

Practiced Policy:

IV. Volunteer Policy

Volunteers are used from time to time, as needed, when coverage is limited or when people are needed to assist with library events (such as children programming or to lead the book club). Volunteers can also be utilized to shelf or clean books or to do odd jobs in the library, if needed. Adults or high school youth are preferred volunteers and are selected from among our patrons. Younger volunteers can be utilized with direct staff supervision.

There is no compensation for volunteering at the Clarion Public Library.
